I am commenting to the Court about the Proposed Court Rule No. 2003-47. As an asbestosis victim, who has lost his medical insurance from the same company that caused my exposure to asbestos, I believe that "big business" should be made liable for the damage caused to countless numbers of workers as myself that have irreversible damage done to our health. I feel it is imperative to allow victims of asbestos exposure the right to due process and trial by jury for Michigan citizens. I asked that you do not change the law by denying Michigan asbestos disease victims their right to a jury trial.
